Walnut Creek

LEGEND

These woods are a designated Hallowed Place on NC State's campus and serve as an educational, research, and recreational resource for students, faculty, staff, and the Raleigh community. This area was historically part of the Dorothea Dix Hospital campus and served as farmland, while the lake provided drinking water for the City of Raleigh.

Funding for trailhead signs provided by NC State Sustainability Fund.

Visit go.ncsu.edu/LakeRaleighWoods for more information and a downloadable map.
